- 8 December - Christmas Market at New Warlands Farm
- 16 December - Stanley Town Council Town Mayor's Carol Concert
- 22 December - Spennymoor Charity Night

The Town Mayor made the following statement:

"In the time since I was given the honour of being the Town Mayor last May, I have done my very best to represent the Council and the Town by attending dozens of events. I have been given fantastic support in this by my Deputy, Cllr Hampson who has accompanied me to many events and deputised for me at many others when I was having health issues.

It was on the centenary of the end of hostilities last November when the town held two important beacon events for residents that I felt it was not right that the Deputy Town Mayor did not have any badge of her office when she was representing the town on such an important occasion.

I took the decision that I would use my Town Mayor's fund to present the Council and the Town with a badge of office for the Deputy Town Mayor. The chain which I am wearing was presented to the town in 1954, 64 years ago and will continue to serve

the town for many years to come. I hope that this new badge of office will serve the town for as long.”

The Town Mayor then presented the Deputy Town Mayor, Carole Hampson, with the badge of office.

The Town Clerk reminded Members to wait until recognised by the Town Mayor and to stand when speaking. He announced that the meeting was being recorded by STC and Mr Rollings, and that mobile phones should be switched off or turned to silent.

# POLICY DOCUMENT

Name of Policy:	<b>STRATEGIC GRANTS POLICY</b>
Date policy created:	10th January 2019
Author:	Alan Shaw, Town Clerk
Date adopted by Full Council:	DRAFT
Signed: (Town Mayor)	

## 1. INTRODUCTION

- 1.1** Local councils have a general power to make grants under section 137 of the Local Government Act 1972, where there is not provision in any other legislation. For example, the Local Government (Miscellaneous Provisions) Act 1976 provides for financial support to providers of leisure, recreation and sport activities.
- 1.2** Stanley Town Council encourages local voluntary organisations which provide services to local people and which require funding to apply for grant aid. The Council must ensure that grants (which are all funded by local taxpayers) provide value for money. Therefore the following criteria will be taken into account when considering applications:

## 2. POLICY STATEMENT

- 2.1** A Grant is any payment made by Stanley Town Council (the Council) to be used by an organisation for a specific purpose in the furtherance of the wellbeing of the local community, either generally or for a specific purpose, and which is not directly controlled or administered by the Council.
- 2.2** The Council awards grants, at its discretion, to organisations which can demonstrate a clear need for financial support to benefit part or all of the Council's designated area by, for example: providing a service; enhancing the quality of life; reducing crime; improving the environment; promoting the area in a

positive way or otherwise positively contributing to the achievement of the Council's objectives, which are published from time to time.

- 2.3** A beneficiary organisation must be either non-profit making or charitable and be properly constituted with its own bank account and independent audit of its accounts. Grants will not be made to individuals unless there is a demonstrable and compelling benefit to the wider community of the Stanley area by doing so.
- 2.4** Grants will not be made retrospectively. No applications for financial support will be granted where the expenditure being requested has already been incurred.

### **3. STRATEGIC GRANT FUND**

**The Town Council sets aside money within its budget each year for awarding grants to local organisations and applicants are advised to refer to the annual budget to see the level of allocation for the relevant year. Applications for grants are assessed twice annually (see Application deadlines section below)**

#### **QUALIFYING CRITERIA**

##### **3.1 Will the grant benefit Stanley residents?**

The Town Council will only give grants for purposes which directly benefit Stanley residents and will give priority to organisations which are based in the town. The Council may consider grants to organisations that cover a wider area than Stanley (e.g. the Derwentside area or North Durham) if the organisation provides services to Stanley residents or which benefit the Stanley area.

The Town Council will not generally contribute to national appeals or to appeals that benefit only a single individual.

##### **3.2 Can the applicant organisation show that it needs the grant?**

The Town Council has only limited funds and therefore will only give grants to organisations that can demonstrate that a grant from the Town Council will make a difference and that there are not alternative ways of raising the money.

You will be required to provide a copy of your most recent accounts (including a balance sheet), annual report if you produce one and details of other organisations approached for funding and whether you were successful.

The Town Council will not normally provide grants to organisations which, for example, have large unallocated reserves or where funding should be available from another source. In some circumstances the Council may provide advice and information, or request that your organisation re-applies after exploring alternative options.

### 3.3 Does the applicant organisation follow basic organisational rules?

The Town Council will only give grants to properly constituted bodies that are not for profit. This usually means that, at a minimum, the organisation should have a constitution, set of rules or memorandum and articles. The organisation should have clear roles and responsibilities and produce annual accounts. All grants will be paid by BACS and paid direct to the organisation's account. Payment will not be made to any individual's personal bank account.

### 3.4. What purposes must the grant be used for?

Applicants must identify a specific purpose for which funding is sought. Acceptable examples include capital grants for a specific project or purchase, upgrading existing facilities, training costs, and start-up costs for new initiatives/projects. Grants will not be given towards activities that are part of statutory obligations, or research costs. Retrospective applications where an event or activity has already taken place will not be considered. Organisations with a profit making remit are not eligible nor are religious/political activities unless it can be shown that the event will be open to and for the benefit of the community as a whole. The list above provides examples only, more detailed criteria can be found in paragraph 3.9.

### 3.5. How much can be applied for?

A single application under the Strategic Grant Fund can be a maximum of **£2,000**. No application for under **£250** will be considered under this process. A single applicant may apply for a grant in each and any round of funding but only one application per applicant will be considered in any single round of funding.

### 3.6. How to complete the application form

Please complete all sections of the form; applications may be rejected if incorrect or incomplete information is supplied. The Council will only consider requests for specific sums. You should also submit the following information with your application:

- The organisation's constitution or other governing document.
- The year-end accounts (or in the case of a new organisation, please provide a brief business plan showing your projected costs and expected income for at least one year.)
- All accounts relating to the organisation must be disclosed, not just those relating to the specific purpose associated with the application.
- If your latest accounts show more than 12 month running costs in reserves please give an explanation as to why you require additional funding.
- Proportion/number of beneficiaries living in the Council's designated area;
- An explanation as to why your organisation needs this funding.
- How the provision of the grant supports the Town Council's objectives.

### 3.7. Conditions of grant

- The application should be supported by estimates for the project where appropriate, or a price list for items of equipment to be purchased and any further information requested by the Town Council.
- Only one grant per funding round will usually be made to any applicant. Applicants are not precluded from applying for a grant in any round of funding, even if they have received a grant in an earlier round in the same year (provided the grant application meets eligibility criteria).
- Organisations are encouraged to search for sustainable alternative means of funding their activities. Acceptance or refusal of a particular application does not determine, predicate or influence the outcome of any further applications by the Town Council at a later date.
- The Town Council may, at its discretion, fund all or only part of any given application.
- Applicants agree that if they are awarded funding by the Town Council, they will participate in publicity which will as a minimum include a presentation photograph with the Town Mayor and press release.
- A spokesperson for the applicant organisation must be prepared to give a quote which the Town Council can use in any publicity material.
- Funding will not be released to the applicant until the publicity conditions have been met.

### 3.8. Further conditions

- The Council reserves the right to attach specific conditions to any individual grant above and beyond the conditions in this policy.
- Any such conditions will be explained in your offer of grant letter. You must state at the time of your application if you are applying to other funding organisations for match or part funding, or if you have already raised part of the funding from other sources.
- The Council reserves the right to reclaim any award not spent for the purposes it was granted and/or not spent during the financial year it was awarded.
- All decisions regarding applications are final and non-negotiable.

### 3.9. Additional eligibility criteria

The Council will not consider applications for grant funding in the following circumstances:

- Projects that have ongoing costs that extend beyond the year in which the grant is allocated unless agreement to meet the additional costs has been secured.
- Projects that do not start within 12 months of the date application.
- Projects that could lead to future operating cost difficulties for the recipient organisation.
- To support profit-making organisations.

- Religious projects that are deemed denominational, although faith-based organisations can be supported where there is wider community benefit.
- Funding for political activities.
- Funding for the purchase of alcohol
- Projects that should be paid from mainstream budgets of the principal authority or of an external agency UNLESS it can be demonstrated that the project will provide 'additionality'.
- Funding for mainstream educational activity i.e. activities/services that schools have a statutory responsibility to provide.
- Projects where the applicant has not managed a previous grant satisfactorily.
- Funding for VAT that the recipient organisation can recover.
- Funding loans and interest payments.
- Funding for liability arising out of negligence
- Funding for payments to employees of the organisation arising from claims of unfair dismissal or redundancy.
- Funding for the purchase of used vehicles.
- Where an officer or key individual within an applicant group has unspent convictions for fraud or dishonesty\*
- Grants will not be awarded to organisations for the purpose of facilitating further grants to be made by that organisation. All applications must be related to the direct cost of an initiative being undertaken by the applicant.
- Further grants to an organisation will not be considered where there is outstanding monitoring and/ or feedback from projects previously funded by the Town Council.

\*to be dealt with by way of declaration on the application form

### **3.10. Publicity**

Your organisation must acknowledge the support of Stanley Town Council and include the Town Council logo in any promotional material. This helps let people know where the Council's grant aid is being spent and to encourage others to apply.

You will be asked to forward to us any publicity and photographic evidence of the project/purchase where appropriate and this may be used on the Town Council's websites and publications. Recipients of Town Council grant funding must NOT portray the Town Council in a negative light to the general public or make politically motivated statements to the public.

### **3.11. Monitoring**

All successful applicants will be required, within 6 months of the award, to:

- Update the Town Council on progress.

- The Chair of the panel will be appointed by the Town Council.
- The panel will meet twice yearly, in June and November and its role will be the appraisal of projects for suitability against the councils grant making policy and the Council's Medium Term Plan Objectives and make funding recommendations to the Full Council.
- The panel will also inspect the monitoring and evaluation of all grants made in previous rounds of funding including the impact of these projects on the wider community and highlight projects which were particularly effective (or not) to the Council in its report.

### **3.13.Application Deadlines**

Applications will be accepted in two rounds each year:

**Round 1:** 1<sup>st</sup> April to 31<sup>st</sup> May

## Appendix A: Stanley Community Fund Guidelines

Stanley Community Fund (Fund) provides grants to support charities, voluntary-led organisations and projects that have an impact in their community, enabling them to continue their work and make vital improvements to their service. Grants between £2000 and £10,000 will be available to community and voluntary organisations for non-statutory purposes only.

In exceptional circumstance, grants in excess of £10,000 may be considered.

The Fund will consider core and capital costs for eligible organisations as well as multi-year awards where it can be shown that there is a clear strategic benefit. For the avoidance of doubt, multi-year grants would be subject to an annual review.

The Fund will support broad range of projects based around the following themes:

- **Regeneration**

Regeneration will be considered in its widest sense to include the social regeneration of communities i.e. the Fund will support requests from groups that deliver work schemes, skills development, access to employment, community-led activities, actions to improve the health, wealth and wellbeing of Stanley residents.

- **Environmental**

To improve local surroundings, biodiversity and habitat conservation, and to include the reuse and/or redevelopment of (non-statutory) areas for community use and benefit, where obligations for planning and landowner permissions have been previously met.

- **Children and Young People**

To improve the opportunities for children and young people, which may include but not be limited to the provision of diversionary activities, improving health and wellbeing, educational and aspirational activities and encouraging youth social action.

- **Community facilities**

To develop and maintain community facilities. All capital projects must have a tangible, lasting benefit; improvements to community buildings, sports clubs, grounds and playgrounds (including MUGA), and facilities must have clear community support and inclusion. Any and all projects must be legally deliverable and sustainable, i.e. issues concerning land ownership and planning consent must be resolved prior to an application being submitted. There must also be a viable plan in place for maintenance, insurances, routine inspections etc. for three (3) years after delivery.

The Fund will consider core and capital costs for eligible organisations as well as multi-year awards where it can be shown that there is a clear strategic benefit.

**What type of funding can you apply for?**

Examples of the types of projects and activities the Foundation (the Foundation or 'we') will support are listed below but we will consider funding any activities that have clear community benefits:

- capital items, equipment (except vehicles or mini buses) for use in projects
- coaching or training activity
- project costs
- sessional and/or contributions to salary
- a contribution to core costs where the expenditure of the organisation is less than £100,000 per year
- capacity building activities
- transport costs
- repair costs
- IT equipment limited to maximum £1,500

For any single items or works between £250 and £1,000 we would accept one quote or estimate of works. For single items or works between £1,001 and £50,000 three quotes should be obtained and for single items or works over £50,000, we would expect to see a clear and full procurement process.

**The Fund will support:**

- have not returned monitoring forms for previous grants
- are subject to an investigation by the Charity Commission, the police or any other organisation in a legal capacity

- have restricted membership other than that associated with the objects of the group itself i.e. necessary for the safety/wellbeing of disadvantaged users
- fail due diligence or do not comply with Charity Commission guidelines i.e. we would not make grants to organisations that had related bank signatories, several related trustees, income well in excess of the threshold for charitable registration etc.

- organisations whose free reserves include more than 12 months of running costs,

## Case Studies

### Lifeline Community Action

A grant of £1,000 to Lifeline Community Action (LCA) provided support over the Christmas period in 2017 to help them supply food hampers to people in need. The grant enabled the charity to buy food, warm clothing, duvets and blankets to help keep people warm over the cold months. With their community connections and a £1,000 Winter Warmth grant, LCA was able to secure c£9k worth of goods to help those in need.

By LCA providing food, vulnerable people were not forced to make the stark choice of either putting food on their table or turning off their heating. People who received help described it as 'life saving'. It meant that when times really did feel bleak for those who may have suffered from an unexpected, unfortunate change in circumstances, help was available.

LCA helped almost 150 individuals over a four-month period, and more than three quarters of those had children. Overwhelmingly, almost all of those people said that by being given this support that their circumstances had improved significantly.

For LCA, the Winter Warmth grant meant that they could continue their work distributing goods to an increased number of struggling families in County Durham.

### Beyond limits

Beyond Limits is a charity based in Bishop Auckland that helped more than 180 people in crisis with its grant of £1,000, providing families with winter clothing and coats, as well as warm duvets and blankets to combat the cold at home. They also provided heat pads and sleeping bags to local homeless people.

This support ensured that as many people as possible were warmer and felt that they could afford to put their heating on. They also provided additional food hampers and household packages that reportedly made a huge difference to the quality of life for desperate people, putting food on the table so that they had the choice to turn on the heating.

Jane had recently escaped a violent relationship, settling in the area with her children, having to set up home from scratch. Due to changes in her benefits she had not received any income for several weeks other than a small payment from part-time work. She approached LCA to see if they could help as she didn't have any food in the house, the children had no winter coats or shoes and she had no duvets on the beds other than throws that someone had given her. LCA provided her with a food & household goods hamper that included duvets and bedding for all the beds and a children's package, which included winter clothing for all the family.

*Jane was thrilled with the help she received:*

*"The volunteers at LCA have been amazing, I can't thank everyone enough for what you have done for me. The kids are no longer complaining of being cold during the night and I am no longer lying awake crying from stress and worry.*

*I don't know what people like me would do if you weren't there to help. You are so good - me and my kids thank you!"*

The main challenge for Beyond Limits was coping with the demand; although the Winter Warmth grant made a huge difference to individuals and families, they had more requests for help than they could realistically meet.

To counter this, Beyond Limits worked with another charity to provide food parcels for Christmas and made referrals to them to ensure everyone who asked for help received food and toys at Christmas. The Winter Warmth grant prevented them from turning people away at a time when they needed help most.

### Age UK

**Reducing loneliness:** Gladys is an older lady in her 80s, recently widowed, who did everything with her late husband, including running their own taxi firm. She contacted Age UK County Durham asking for help. She explained that she was feeling very low and that she did not have any friends due to the fact they worked all their lives.

The development worker from Age UK invited Gladys to come along to the 'Keep Warm Keep Well' coffee morning in the village, funded by a grant of £900 from the Winter Warmth fund, and have a chat and to see if there was anything that she was interested in.

Social activities, such as Come Eat Together and information about other activities were provided, and after more discussions and reassurances Gladys decided to join some of the activities, as well as being signposted to other activities in her area.

Gladys said later that it had been very hard to take the initial step of joining the groups, but she is so pleased she did as she now has people she can talk to and interact with. She told the Age UK she had "a fantastic time" and felt positive about life for the first time in ages. She said everyone was friendly, and she had seen other people from the village she lived but not spoken to, so she felt like it was the change she needed. She said: "It feels like a step into giving me my life back."

*"My family and I have had a bit of a rough time over the last couple of years. I used to own a business and a house, and I was married. A few years on and everything has gone through a sequence of unfortunate events such as betrayal, depression, redundancy and ill health.*

*At 41, I find myself relying on benefits with 3 children, and with elderly and quite poorly parents to look after. I'm a bit stubborn and don't like to ask for help, I do my best and struggle on.*

*Anyway, I have today watched my 3-year-old parade around the house wearing the new blanket like a superman cape, and pleased my teenage daughter with Schumann chicken dinner. My 1-year-old loves spicy food so will love it at lunch tomorrow (was in bed when it was cooked).*

*I was embarrassed to come today but needed the blankets and food desperately, handily you are on the way to my Mum's, so it didn't cost any petrol money. I've learnt to live with what we have but with birthdays and Christmas and an unexpected house move (twice in six months!) we have struggled.*

*Thanks so much to the wonderful people that run the Beyond Limits and volunteer there - arriving for my blankets today I was still embarrassed but the lady I met was so lovely. I was so surprised by the place and the friendliness. You guys are amazing, and I see you do so much for so many. Thank you from the bottom of my heart."*

## Keeping County Durham Safe - Fund Impact Report 2017

### Introduction

While the overall crime rate is lower in County Durham than other parts of the region and the UK, there are individual neighbourhoods that rank among the very worst in the country for levels of crime, and where the incidents of certain types of crime are growing.

Official figures often reflect a divide between well-off and poorer communities, highlighting the issue of unemployment or rural isolation. They also serve to highlight areas where philanthropy can make have a major impact in communities, especially with on-the-ground interventions. Voluntary organisations have a long history of delivering diversionary and outreach activities for young people to combat antisocial behaviour, but these are under threat as public funding to support them reduces. Charitable giving is likely to be increasingly important to keep them going.

More than £100,000 was made available from donors to tackle crime, which was matched with £50,000 from County Durham Community Foundation (the Foundation), to support the community and voluntary sector of County Durham and Darlington. The intention was to support projects and initiatives across County Durham and Darlington that help keep communities safe and contribute towards inspiring public confidence.

The Fund was promoted across County Durham and Darlington, and criteria were developed to support projects and activities that:

- Encourage diversionary activities
- Tackle anti-social behaviour
- Tackle harm caused by alcohol, drugs, and violence.

This report looks at the level of funding awarded and the number of beneficiaries who have benefited in 2017. It also looks at the contribution that the Fund has made in supporting local people, and at the difference the funding has made to our communities.

### Award Profile

In 2017, £142,500 was awarded to 23 organisations that most reflected the aims of the programme to support the delivery of projects in the most deprived areas of County Durham, and in the top 20% most deprived areas nationally. The fund was heavily oversubscribed and a further 19 applications (a request of almost £130,000) were not supported.

Organisations were asked at application stage to identify and self-select the theme that most reflected the aims of their project i.e. the issue that they were mostly trying to address. Anti-social behaviour was the most frequent theme, and more than 70% of funding was awarded under this.

The amount awarded to organisations by theme was:

- Anti-social behaviour £ 103,221
- Counselling/Advice/Mentoring £ 7,000
- Crime and safety £ 3,000
- Health, wellbeing and serious illness £ 7,493
- Offending/At risk of offending £ 6,787
- Social inclusion and fairness £ 7,500
- Substance abuse and addiction £ 7,500

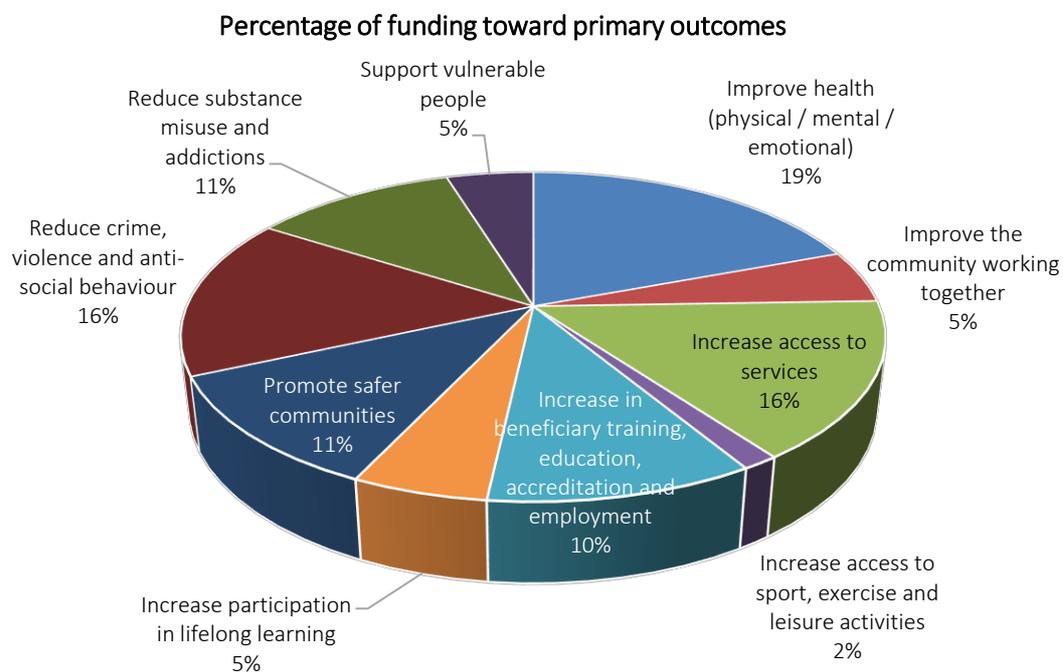

Distribution of the Fund was across County Durham and Darlington – specifically Bishop Auckland, City of Durham, Darlington, Easington, Chester le Street, Stanley and Sedgefield.

**Impact**

The Fund provided financial support to charities, community organisations and community interest companies to deliver a wide range of projects – from the provision of diversionary activities for young people to an outreach support project to combat begging. More than 2500 people benefited from the Fund.

People living in the most deprived communities are more likely to think that crime levels in their community are higher than they are. Following the project activities over 12 months, monitoring recorded that 690 people reported feeling safer in their communities because of projects they were involved in.

Figure 1 Shows the amount of funding awarded against 10 specific outcomes of the Fund.

The outcomes for the Fund are not insignificant. As part of the monitoring of the Fund, each organisation was asked to quantify and qualify a number of the outcomes they had delivered, providing numbers of beneficiaries and the impact that the funding made to them and to the local community.

## Keeping County Durham Safe - Fund Impact Report 2017

More than 70% of funding was made to projects and activities for children and young people aged 5 to 18 years old, with 58% specifically targeting young people between 13 and 18 years old. Each organisation outlined the primary outcomes of their project in their application i.e. the overall change they expected as a result of their project.

The following table shows across the Fund, what change might look like and how much this cost per individual beneficiary.

<b>Project aims to support outcomes</b>	<b>Funding</b>	<b>No. of beneficiaries</b>	<b>Grant award/head</b>
Improve community cohesion	£13,500.00	325	£41.54
Improved community facilities	£5,500.00	60	£91.67
Improve health (physical / mental / emotional)	£27,492.50	267	£102.97

Increase access to services	£22,033.00	580	£37.99
Increase access to sport, exercise and leisure activities	£16,186.00	570	£28.40

Promote opportunities for creativity	£7,500.00	100	£75.00
Promote safer communities	£48,497.00	875	£55.43

Reduce substance misuse and addictions	£14,500.00	57	£254.39
Support vulnerable people	£44,159.50	415	£106.41

The following monitoring data provide evidence from the projects after 12 months of funding. It gives an idea of the scale of the impact on people when projects are delivered at the heart of local communities.

### Reducing crime, violence and anti-social behaviour

- Taking part in programmes designed to divert them away from criminal behaviour, 179 young people had not re-offended within a period of 3 months
- 100 older people who took part in projects had not re-offended within a period of 3 months
- 73 perpetrators of domestic abuse took part in a project designed to divert them away from abusive behaviour
- 934 people took part in projects designed to divert them away from anti-social behaviour

### Reduce substance misuse and addictions

- 58 people accessed support services for advice about addiction; 41 recorded addicts continued treatment as a result of funding and 17 new recorded addicts started treatment as a result of new projects

### Crime and Safety

- 690 people reported feeling safer in their communities as a result of the project. This included encouraging 25 people to access support services after facing discrimination or

unfair treatment. 43 people were supported as victims of anti-social behaviour or crime as a result of the project

### **Increase access to services**

Community activities and training were very important elements of projects. Creating things for people to get involved in meant that 664 hours of community activity were provided through a variety of projects, as well as and 1500 hours of sport, exercise and leisure activities.

### **Increase social inclusion and fairness**

- 164 people achieved independent living, no longer requiring support, requiring less support as a result of the project
- 277 people reported improved physical, mental, emotional health

### **Improve the community working together**

768 people accessed community activities for the first time and 668 people took part in community projects. 4386 hours of education and training were also provided, which resulted in 16 people who started on a path to employability as a result of t project and 6 people who gained accreditation

Overall, the outcomes from the Fund are not insignificant; they show that funding has they helped reduce the potential for crime and has made people local people feel safer and more engaged within their communities.

# Events Working Group Minutes

**15th February 2019**

**Present:** Cllr M Davinson  
Cllr J Pallas  
Cllr G Wilkinson  
S Hillary

**Officers:** A Shaw (Town Clerk)  
A Tubman (Deputy Town Clerk)  
J Harper (Operations Manager)

## 1. Miners Sunday

The Clerk advised the group that the Finance Committee had approved the core elements of the event (budget allocations for the display of the banner are subject to Full Council ratification)

Scott Hillary presented ideas for the event which the group discussed. The group decided that the event would be focused on the areas adjacent to the Civic Hall/ Louisa Centre and the top end of Front Street and would comprise:

- Musical performances from Bang On!, The Alka-Seltzer sisters and Craghead Colliery band in the 'performance area' outside the Louisa Centre,
- Retro Fairground rides - Helter Skelter; Carousel; Shuggy boats
- Sir Foxley - Entertainer/ magician
- We will rock you - attraction
- Food concessions/ Ice Cream
- Parade and Miner's Heritage display in Civic Hall

Traffic Management on both Scott Street and the access to the Louisa Centre would be required.

It was agreed that having rides at £1 would be reasonable and would help to subsidise the event to keep it in budget.

Cllr Davinson will lead on the work around what takes place inside the hall with officer support; Scott Hillary will make other arrangements.

The budget allocations for 2019/20 are as follows:

External Events:           **£45,000**  
 Miner's Sunday:           **£10,000\***

\*Note: £2000 of this allocation is earmarked for supporting local banner groups so the available budget for the event will be **£8,000**.

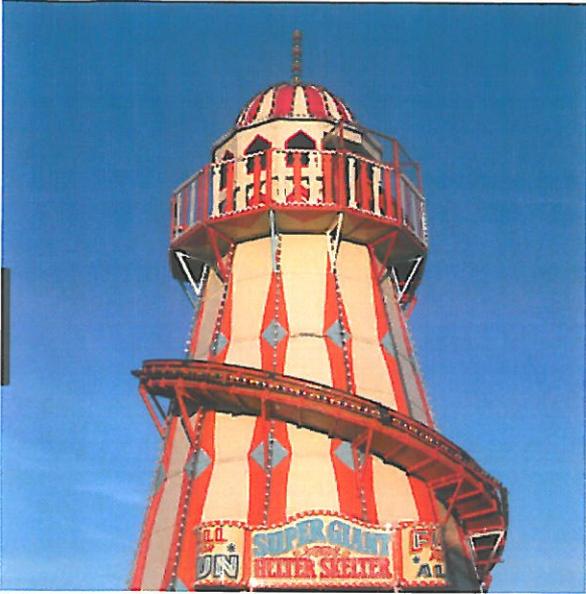

The approximate split in the external events part of the budget between the three events funded has been in previous years as follows:

Play in the Park           **50% (£22,500)**  
 Christmas                 **35% (£15,750)**  
 Armed Forces Day       **15% (£6,750)**

**Promotion and marketing for the events will be met from a separate budget.**

This is a guide only - as long as proposals are within the overall funding envelope they will be considered.
