

TOURISM DEVELOPMENT AT GREENCROFT FOREST PARK

We would like to invite you to a public consultation event for a proposed tourism development based upon a high quality lodge offer at Greencroft Forest Park.

True North Real Asset Partners' vision for the Site is to create a high-quality sustainable tourism development, which meets the needs of County Durham's tourism industry, and provides significant economic benefits for the local economy.

The proposed development will protect the existing character of the wider area, whilst delivering a landscape-led scheme incorporating flood reduction measures, biodiversity enhancements whilst preserving the historic significance of the estate to the Lanchester Valley and offering public access.

More information will be available at: www.greencroftforestpark.co.uk
